***AI-ML** 🔗	**MAY 2023 – JUL 2023**
Role Name: Data Handling	*Virtual Internship*

∗ About the role **Certificate Id:c197e35677fcb91f246f096df38dac28 , Participated in an intensive virtual internship focused on developing AI and machine learning models. Gained hands-on experience with data preprocessing, model training, and evaluation using TensorFlow and Scikit-learn. Collaborated on projects such as Customer Sentiment Analysis and Predictive Maintenance, enhancing my skills in Python and teamwork.**

*Android Developer ⬈

Role Name: Developer

<div align="right">

JAN 2024 – MAR 2024

Virtual Internship

</div>

∗ About the role **Certificate Id: e8011c9374314f9dc82ee0825676edec , Join the Virtual Android Developer Internship to gain hands-on experience and enhance my skills in creating innovative mobile applications. This internship is designed for aspiring developers who want to delve deep into the world of Android development, learn from industry professionals, and work on real-world projects** .

TECHNICAL SKILLS

Languages: Java, C, C++, HTML, CSS, JS, XAMPP
Developer Tools: VS Code, Android Studio, Google colab, Eclipse
Technologies/Frameworks: GitHub, NodeJS

EXTRACURRICULAR

Styling Webpage
Drawing Sketch
Reading Newspaper

ACHIEVEMENT

- AbhiGyan Pahal competition (Winner under 10)
- Ideathon runnerup
- Actively participate in Hackathons
- Academic result more than 8.5 cgpa

CERTIFICATIONS

- AWS Academy Cloud Foundation
- AWS Academy Machine Learning Foundations
- Data Visualization with Tableau
- Data Visualization with Tableau 2019.x in Practice
- Blockchain in Depth
- Planning and Control with Oracle Primavera P6 PPM Professional
- Advance concepts for Data Visualization with Tableau 10
- Machine Learning using Python
- Cyber Security and Applied Ethical Hacking
